10. Agreement proposal on the organization of the Annual Meeting of ERRS

A model of agreement between the council of ERRS and the organizers of the annual meeting is proposed. The text is accepted at the unanimity. It will be accessible on the ERRS website.

11. ERRS membership fee, agreement with national societies.

Cooperation with National Societies for Radiation Research

At the moment, the national Societies that have contracted an agreement with ERRS are:

- Ukrainian Society for Radiation Biology (Ukraine)
- Swedish Society of Radiation Biology (Sweden)
- Polish Society for Radiation Research (Poland)

- Society of Radiobiology and Crisis Management of the Czech Medical Association of Jan
- Evangelista Purkyně (Czech Republic)
- Italian Society for Radiation Research (Italy)
- German Gesellschaft für Biologische Strahlenforschung (Germany)

The lists of member of those societies were not communicated to ERRS. As the arrangement of reduced fees for members of co-operating societies did not have a noticeable effect on increasing the membership it was thought that they was no particular reason for keeping thereduced membership fee for those socities. The council propose to keep the same membership fee (25€) for all members.

The resolution is accepted at unanimity.

12. ERRS bylaws

It is suggested to all the members to read carefully the bylaws and report their comments to the secretary if they ever wish to make any amendments.
